

NETGEAR® AirCard®

Verizon Jetpack® 4G LTE Mobile Hotspot (AC791L)

Data Sheet

All-Day, Premium WiFi Performance

The Verizon Jetpack® 4G LTE mobile hotspot from NETGEAR packs ultimate power and performance in one device for fast, reliable WiFi on-the-go – even when traveling internationally. Simply power it on and connect your laptop, tablet, or WiFi-enabled device to email clients, video chat with family, or access files in the cloud seamlessly. It's secure, easy-to-use, and designed with an incredible battery life of up to 24 hours – making this the ideal travel companion for work or pleasure.

Key Features and Benefits

- LTE Category 6 with 2X Carrier Aggregation (up to 40 MHz) for ultimate download speeds
- Powerful 2500 mAh battery that lasts up to 10 hours of continuous use
- 802.11ac/b/g/n and simultaneous dual-band WiFi capability for the ideal mix of range and performance
- Up to 24 hours of battery life on a single charge*
- Global-Ready™ – bring WiFi with you and use it in 200+ countries
- Charge smartphones and small portable USB devices using the Universal Charging feature (also known as Jump Boost)
- Secure with Guest WiFi, password protection, and the latest WiFi security protocols
- Connect up to 15 WiFi devices on-the-go – while on the road or on vacation without needing to search for public WiFi
- Easy to use, just power-on and connect
- 1.77" color LCD with touch navigation buttons which communicate data usage, network status, and more
- Two TS-9 connectors available for optional 4G/3G antennas
- Conveniently manage your mobile hotspot from a tablet or smartphone by downloading our complimentary NETGEAR AirCard App

Technical Specifications

Technology / Bands

- 4G LTE CA: 700+1700 (B13+B4)
- 4G LTE: 1900 (B2) / 1800 (B3) / 1700 (B4) / 2600 (B7) / 700 (B13) MHz
- UMTS/HSPA/HSPA+: 850 / 900 / 1900 / 2100 MHz
- CDMA 1X/EvDO/eHRPD: 800 / 1900 MHz
- GSM/GPRS/EDGE: 850 / 900 / 1800 / 1900 MHz

WiFi

- WiFi 802.11ac/b/g/n
- Simultaneous Dual-Band WiFi 2.4/5 GHz
- Multiple SSID/Guest WiFi support
- WPS (WiFi Protected Setup) enabled

Security

- WiFi security encryption
- VPN pass-through
- NAT firewall
- Multiple SSID/Guest WiFi support
- View & block connected devices
- Password protected Jetpack Admin Website
- Turn off WiFi broadcasting and USB tethering

Battery

- Removable Li-ion battery (4340 mAh)
- Up to 24 hours of active usage *
- Up to 650 hours on standby *

*Claims based on Verizon Wireless test requirements.

External Display

- 1.77" Color LCD display with touch navigation buttons

SIM

- 3FF Format (microSIM)

Dimensions

- 4.33" x 2.67" x 0.75"
110 mm (L) x 68 mm (W) x 19 mm (H)

Weight

- 79 g (without battery)
- 164 g (with battery)

Antenna Diversity Support

- 2X2 MIMO antenna for LTE

Ports

- (2) TS-9 external 4G/3G antenna ports
- (1) microUSB port

Environmental

- Operating temperature: 0 to 35° Celsius
- Storage temperature: -20 to 60° Celsius
- RoHS compliant

Package Contents

- Verizon Jetpack 4G LTE mobile hotspot (AC791L)
- Pre-installed SIM card
- Removable lithium ion battery
- AC charger and USB cable
- Universal charging cable
- Quick reference guide
- Global support brochure
- Product safety & warranty brochure
